

## OVERVIEW

HedgeHog 4X consoles might be small but they pack a serious punch! Built for travel (even on a plane), these consoles are compact and lightweight perfect for new users and smaller venues. School theaters, nightclubs, corporate events, medium-scale rental events and houses of worship are the HedgeHog 4X's natural habitat. HedgeHog 4X consoles share the same programming layout and capability as their larger brothers, and can happily load show files from any console in the range.

The HedgeHog 4X has an internal 12.1 in multi-touch monitor, ten faders and four encoder wheels, full networking capabilities and a capacity of six universes.
